

ICE university series for academics	Description	Best suited	Date	Time (UK)	Duration	Registration link
5-week course: sustainability – week 1	Introduction to a five-session course delivered by industry experts, focussing on key aspects of sustainability in civil engineering.	Final year students, postdocs and academics	11/09/2023	18:00	1.5 hours	5-week course: sustainability
5-week course: sustainability – week 2	Second in a five-session series on sustainability in civil engineering. A consultant's perspective on sustainability in our industry.	Final year students, postdocs and academics	18/09/2023	18:00	1.5 hours	5-week course: sustainability
5-week course: sustainability – week 3	Third in a five-session series on sustainability in civil engineering. A client's perspective on sustainability in our industry.	Final year students, postdocs and academics	25/09/2023	18:00	1.5 hours	5-week course: sustainability
5-week course: sustainability – week 4	Fourth in a five-session series on sustainability in civil engineering. A contractor's perspective on sustainability in our industry.	Final year students, postdocs and academics	02/09/2023	18:00	1.5 hours	5-week course: sustainability
5-week course: sustainability – week 5	Final in a five-session series on sustainability in civil engineering. Topic to be confirmed.	Final year students, postdocs and academics	09/10/2023	18:00	1.5 hours	5-week course: sustainability
Bitesize CPD for academics: digital transformation	Education and skills transformation: the requirements for enhanced digital skills in civil engineering courses.	Academics	11/10/2023	17:00	1 hour	Bitesize CPD for academics: digital transformation
Bitesize CPD for academics: sustainable development	An update from the EA.	Academics	TBC			
5-week course: health, safety and welfare – week 1	A course designed to help gain an in-depth understanding of UK health and safety culture, the associated legislation, and regulations. It illustrates how health and safety can be managed through design and construction and summarises the above through a case study in the final session.	Final year students, postdocs and academics	March 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: health, safety and welfare – week 2	See above. Specific session details TBC.	Final year students, postdocs and academics	March 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: health, safety and welfare – week 3	See above. Specific session details TBC.	Final year students, postdocs and academics	March 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: health, safety and welfare – week 4	See above. Specific session details TBC.	Final year students, postdocs and academics	March 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: health, safety and welfare – week 5	See above. Specific session details TBC.	Final year students, postdocs and academics	March 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events

ICE university series for academics	Description	Best suited	Date	Time (UK)	Duration	Registration link
ICE membership for academics	A presentation on how to apply for membership and an opportunity to have any question answered.	Academics	20/03/2023	13:00	30 minutes	Link available closer to event date at ice.org.uk/events
How to record your work experience as a student	Discover how work experience contributes to your students' professional development with ICE. Learn how they can record progress, build their portfolio, and access training records during their university years.	Second year and above students and university staff supporting students in their professional portfolio	26/04/2024	13:00	30 minutes	Link available closer to event date at ice.org.uk/events
5-week course: contracts – week 1	Delivered by industry experts, this course provides an in-depth explanation of what a contract is, commonly used contracts in civil engineering, explores reasonable skill and care and future strategies in the field.	Final year students, postdocs and academics	May 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: contracts – week 2	See above. Specific session details TBC.	Final year students, postdocs and academics	May 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: contracts – week 3	See above. Specific session details TBC.	Final year students, postdocs and academics	May 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: contracts – week 4	See above. Specific session details TBC.	Final year students, postdocs and academics	May 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
5-week course: contracts – week 5	See above. Specific session details TBC.	Final year students, postdocs and academics	May 2024	18:00	1.5 hours	Link available closer to event date at ice.org.uk/events
Introduction to ICE Graduate membership	A quick reminder on when and how students can transfer to Graduate membership.	Final year students, and university staff supporting final year students	14/06/2024	12:00	20 minutes	Link available closer to event date at ice.org.uk/events
CPD for academics: ICE Knowledge Hub	ICE CPD platform. A selection of written knowledge packs with infographics, case studies, audio explainers, and audio and video "tech talks". New topics and content are released on a regular basis over the course of the year.	ICE members and academics from APs				Via the ICE Knowledge Hub (digits.co.uk)
On demand	Let the ICE know your department or course requirements or aspirations: with more than 95,000 members from across the industry, we are committed to delivering you the resources you need to help your students excel in their field.					Elena.Rinaldi@ice.org.uk
